

Lead Exposure Policy

Arrowhead Head Start will strive to maintain safe and healthy facilities by eliminating the exposure to lead in water and paint.

Head Start will follow the State of Minnesota and Office of Head Start regulations to reduce the risk of lead exposure to children and families.

Head Start will partner with school districts with testing, remediation and abatement of lead from facilities to ensure the health and safety of children.

This policy complies with 1302.47

Approved by Policy Council 12-9-2024
